The Daily Oregonian.

No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true
Arise and defend it ... [illegible] of the brave,
Whose blood bought the banner your valor must save.

WEDNESDAY MORNING, OCT. 12, 1864.

NATIONAL UNION NOMINATIONS.

For President,
ABRAHAM LINCOLN,
Of Illinois.

For Vice-President,
ANDREW JOHNSON,
Of Tennessee.

For Presidential Electors,
GEORGE L. WOODS, of Wasco County,
H. N. GEORGE, of Linn County,
J. R. GAZLEY, of Douglas County.

COPPERHEAD CONSISTENCY.—The Copperheads either desire the rebellion to succeed or they do not. They must be on one side of that issue or the other. If they have any desire to put it down, they should do *something* towards putting it down. If they don't like the mode adopted, they should at least pretend to have a better one and tell us what that better one is. If a man or body of men really wish a thing to be done, they will either devise a plan themselves or adopt some one else's plan. The Copperheads do neither. They say war will not cure the rebellion. They refuse to tell us of anything that will cure it. It follows that they don't wish to cure it. They are like the physician who stands by a dying man, denouncing the prescriptions of another and refusing to prescribe himself. The patient dies, of course, and such a physician is his murderer. He would not let the other save him, nor save him himself.

The Copperheads prove by their *acts* as well as their words that they wish first of all that the rebels should prevail over the Union. They will not aid in prosecuting the war to suppress treason nor tell us how it is possible to do it without war. If there is any other mode they ought to tell us what it is. If there is no other mode then they ought to co-operate heartily in that.

If the treason is not suppressed it must succeed. If it succeeds it destroys the Union. The Copperheads therefore demonstrate that they are in favor of destroying this Union. That is the result of their action as well as their language. They give no aid to the Union except upon compulsion, and they say nothing in its favor. Their declarations are that to save the Union is to destroy the liberties of the people! That is their latest discovery. The corrective conclusion is that to sustain the traitors is to ensure and perpetuate the liberties of the people! A war to sustain freedom is certain to destroy it! A war to perpetuate slavery will ensure liberty. That is the doctrine the villains preach. Isn't it nice, sensible, wise and patriotic? Isn't he a discreet man who trusts such leaders?

THE SEVEN-THIRTIES—WHAT ARE THEY?—We trust that a large portion of our readers have pondered the appeal of Mr. Fessenden, our new Secretary of the Treasury. The purport of it is, that the people of the United States, acting as a body through their agent, the Government, wish individuals to lend them two hundred millions of dollars for three years at seven and three tenths per cent. annual interest, payable every six months. For this they offer Treasury Notes—that is, in reality, notes drawn and endorsed by every man in the country. The loan is wanted for a great national purpose, to effect which, every man, unless a traitor at heart, if not in act, is solemnly pledged.

The appeal is addressed not merely to a few capitalists, but also to the many whose aggregate means constitute the mass of wealth of the land. The notes upon which this loan is asked are from $50 upward. Every man who has fifty dollars can take part in this loan. Apart from patriotism and the duty which all owe to their country no investment is so desirable as this.

It is secure. Every dollar of every man's property is pledged for the punctual payment of the interest, and of the debt, when due. The security is increased in value. For some years before the war we were earning one thousand million more than we spent. During the three years of the war, owing to the high prices and constant demand of labor, we have earned more than ever before. No man who could or would work has been idle; and, except for the war, we have spent less than before. The total valuation of the property of the United States, according to the census of 1860, was $16,159,000,000, of which, $10,957,448,956 was in the loyal States. The valuation, according to the usual rule of assessment, was not more than two-thirds of the actual cash value of the property. The increase of property in the loyal States during the last ten years was over 126 per cent., or an average of 12 6-10 per cent per annum. In three years of the war, we, of the United States, have, certainly earned 3,000 millions more than we spent apart from the war. The cost of the war may be set down at 2,000 millions. Deducting this from our net earnings, the people, who are security for this loan, are 1,000 millions richer to-day than they were when the war broke out.

No other investment can be so easily convertible. The man who has a Treasury Note for $50 or $100 or $1,000, can turn it into money more readily and upon better terms than if were invested upon bond and mortgage, or in railroad stock.

The interest offered is higher than can be realized from any other safe and convertable investment. It is, moreover, readily collectable when due. To each note are affixed five "coupons," or *interest tickets*, due at the expiration of every half year. The holder of the note has simply to cut off one of the coupons, present it at the nearest banker or Government Agency and receive his interest; the note itself need not be presented at all. Or a coupon, thus payable, will everywhere be equivalent, when due, to money.

Thus, while this loan presents great advantages to large capitalists, it offers special inducements to those who wish to make a safe and profitable investment of small savings. It is in every way the best Savings Bank; for every institution of this kind must somehow invest its deposits profitably in order to pay interest and expenses. They will invest largely in this loan, as the best investment. But from the gross interest which they receive they must deduct largely for the expenses of the bank. Their usual rate of interest allowed to depositors is 5 per cent upon sums over $500. The person who invests directly with Government will receive almost 50 per cent. more. Thus the man who deposits $1,000 in a private Savings Bank receives $50 dollars a year interest; if he deposit the same sum in this National Savings Bank, he receives $73 dollars. For those who wish to find a safe, convenient and profitable means of investing the surplus earnings which they have reserved for their old age, or for the benefit of their children, there is nothing which presents so many advantages as the National Loan.

It is convertible into a six per cent. gold bearing bond. At the expiration of three years the holder of the notes of the 7-30 has the option of accepting payment in full, or of funding his notes in a six per cent. gold interest bond, the principal payable in not less than five and not more than twenty years from its date, as the Government may elect. For six months past these bonds have ranged at an average premium of about 8 per cent. in the New York market, and have sold at 109 to-day. Aug. 12, thus making the real rate of interest over ten per cent.; and besides, to make the actual rate of gain greater, Congress, by special act, exempts its Treasury Notes from State and municipal taxation. Could we ask more? Was patriotism ever so liberally rewarded?—*Harper's Magazine.*

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to October 10.

WOODSTOCK, Va., Oct. 7.—My command is at this point to-night. I commenced moving back from Port Republic, Mount Crawford and Harrisonburg yesterday morning. Grain and forage in advance of those points had previously been destroyed. The whole country from the Blue Ridge to North Mountain, has been made untenable for the rebel army. I destroyed over 2,000 barns filled with wheat, hay, farming implements, 70 mills filled with flour and wheat. I have driven in front of the army over 500 head of stock; killed and issued to the corps not less than 3,000 sheep. The destruction embraces Luray Valley and Little Fort Valley as well as the main valley. A large number of horses has been obtained. Lieut. Meigs was murdered beyond Harrisonburg, near Dayton, for which atrocious act all houses within an area of five miles were burned.

Since we came into the valley every train and every small party has been bushwhacked by the people, many of whom have protection papers from commanders who have been hitherto in the valley. The people are getting sick of war. I have not been followed by the enemy to this point except by a small force of cavalry who showed themselves some distance behind the rear guard to-day. The Eighteenth Ohio cavalry, stationed at a bridge over the mouth of the Shenandoah, near Mt. Jackson was attacked while asleep by McNeil with 170 men, and the whole party was dispersed or captured. I think they will all turn up. 50 of them have reached Winchester. McNeil was mortally wounded and fell into our hands. He was the most daring and dangerous of all the bushwhackers.

(Signed) SHERIDAN.

HEADQUARTERS, ARMY OF THE POTOMAC, Oct. 8.—The Fifth and Ninth corps advanced in line yesterday a half mile, driving the enemy's skirmishers into their breastworks. This movement was to feel this part of the rebel line, to see if it had been weakened to strengthen their forces elsewhere. We hold the ground gained but as yet have made no attack on the main works.

WASHINGTON, Oct. 10.—Grant telegraphs that our losses the other day are much less than at first reported. Four hundred will cover the entire loss of killed, wounded and captured. About 100 of the captured and a great many had fallen into our hands. The enemy's loss was not less than 1200.

(Signed) STANTON.

ALTOONA, Oct. 9.—I reached Kenesaw Mountain on the 6th in time to witness at a distance the attack on Allatoona. Anticipating the attack I had ordered from Rome the force of Gen. Corse. The attack was met and repulsed. The enemy lost 200 killed and 1,000 wounded and prisoners. Our loss is 700 killed. The enemy captured a small garrison at Big Shanty and Ackworth and burned 7 miles of railroad. We have at Altoona and Atlanta abundance of timber to repair the road. Hood observing our approach, moved rapidly back to Dallas and Vanwert. I am watching him in case he tries to reach Kingston or Rome.

Atlanta is perfectly secure to us. The army is better off than when in camp. SHERMAN.

NASHVILLE, Oct. 8.—Rosseau reports that Forrest escaped by crossing the Tennessee river on flatboats above and below Florence, on the 6th, while Rosseau was detained by high water on Shoal creek and Elk river. THOMAS.

ST. LOUIS, Oct. 9.—Official dispatches from Jefferson City state that the advance of Price from Osage to Moran creek, ten miles from Jefferson City, was spiritedly contested by our cavalry. A number of the enemy were killed and wounded. Our loss is small. On Monday, the 8th, the enemy was drawn up in line of battle in front of our defences. After being well peppered by our batteries they moved off towards the west, followed by our forces six miles and receiving sharp punishment.

A detachment of the 6th Missouri attacked 300 rebels at Tyler's Mill and killed 31.

ST. LOUIS, 10.—The only news from the west to-day is that fighting is going on between our cavalry and Price's rear, about 15 miles west of Jefferson city, this morning; results unknown. Price is south of the Pacific railroad, moving westward, and whether he will strike the Missouri river, or push south with a view of escaping from the State, is a mere conjecture. He burned the railroad bridge four miles west of Jefferson City and destroyed railroad property at California.

THE REBEL MILITARY FRONT A HOLLOW MASK.—A New York correspondent of the San Francisco *Bulletin*, of date 2d Sept., writes:

"Let us examine the question a little more in detail, and see if the present front of the rebellion—determined and defiant as it seems—is anything more than a mask vainly seeking to conceal the hollowness and rottenness beneath. Is it not true that the rebel States are exhausted of men—the indispensable means of carrying on the war? If not, what means the recent military order of the Governor of Georgia compelling all white male persons in the State between the ages of 16 and 55 to enlist in the ranks at once or be arrested? And the Governor of Mississippi goes still further, issuing a proclamation on the 12th August, calling upon all white males from *fifteen* to fifty-five years of age to assemble at given points and take up arms; and those failing to report will be arrested and tried by court martial. Let the reader look at the boys of 15 and 16 years of age who are about him, and he will realize somewhat how serious must be the dearth of men for the army, when boys are in such imperative demand. The entire available fighting population of the South were, say, seven hundred and fifty thousand men at the beginning of the war. Of these they have remaining in the field an effective force of probably 130,000 and not to exceed 200,000 men. The rest are in their graves, or disabled, in hospitals or in our military prisons. With even 150,000 good men handled with wonderful skill and sagacity, the rebel leaders may be able for some time yet to oppose a vigorous resistance to our efforts to quell armed opposition, and to repress the real desires of the Southern masses for peace. But the North has not exhausted its supplies of men, and by early exertion of a little more of the power thus remaining in our hands, we can bring an overwhelming and crushing force against the armies which now stand between the rebellion and its utter extinction, and which cannot be reinforced."

FROM CANYON CITY.—Mr. Mills, express messenger for Wells, Fargo and Co., got in on Sunday, per stage. He furnishes us the details of another Indian outrage, perpetrated on Wednesday night last. On that night the Indians broke into the corral of Beachey, about 10 miles this side of the Canyon, and succeeded in running off eleven head of horses. Both boot and moccasin tracks were discovered, but the belief is that Indians perpetrated the robbery. A day or two previous, miners who were at work on a little creek, some 12 miles this side of Canyon City, were attacked by Indians and compelled to abandon their claims. Indian scouts who were sent out by Capt. Olney from South Fork report that they discovered Paulina and his band, numbering forty braves, with their wives and children, and a large amount of stock, camped on the North Fork, distant about 20 miles. This report had created great excitement, and at last accounts Capt. Olney and his detachments were preparing to go out, with strong hopes of capturing the whole band. The settlers on the Canyon City road are uneasy at the withdrawal of Capt. Caldwell and Capt. Drake's commands and apprehend that they will again be subjected to Indian attacks. It is to be regretted that a larger number of soldiers cannot be kept on the road, but the time of the companies [illegible] is almost out, and hence there is no way of keeping them in the field.—*Mountaineer.*

NO PRESENT [illegible] to a wife, daughter, or friend as a Grover & Baker Sewing Machine. Try the experiment, and the assertion will be evidenced in the eager satisfaction with which its advent in the household is hailed. For Christmas, New Year's Day or any day, this is the present of all to make to a *lady*.

FROM THE CAPITAL.

[CORRESPONDENCE OF THE DAILY OREGONIAN.]

HOUSE. [illegible]

On motion of Mr. Tate, the regular order of business was suspended, and the Clerk proceeded to the first reading of bills.

The following bills were put on their first reading:

H. B. No. [illegible]—To pay Drs. Wilson & Gibbs [illegible] physicians for the Insane Asylum.

H. B. No. [illegible]—To amend charter of Jacksonville.

H. B. No. [illegible]—To provide for conveyance of title to lands near Point Adams to the United States.

H. B. No. [illegible]—To repeal code of civil procedure and revise [illegible].

H. B. No. [illegible]—To provide that the State pay expenses of conveying insane poor to the Asylum, instead of the counties.

H. B. No. [illegible]—Referring [illegible] sections of the Militia Law.

H. B. No. [illegible]—Prohibiting the sale of liquor to minors.

H. B. No. [illegible]—To make County Treasurer a salaried office.

H. B. No. 71—To provide for voting by ballot.

Dr. Tate moved to reject this bill. [illegible] from disrespect of the author, (Mr. Cox) but [illegible] time was necessary, [illegible] to waste it on this bill at this stage of the session.

Mr. Cox said he introduced the bill in no [illegible] spirit. His convictions had been always against the *viva voce* system of voting, [illegible] voted it, and [illegible] ever [illegible] him to introduce a bill to favor his sentiments. [illegible] He believed large companies [illegible] employed many hands frequently controlled their votes, and he wanted to put working men [illegible] of their employers, and enable [illegible] to vote free from the scrutiny of the wealth.

Mr. [illegible] said the laboring men in his county were independent enough to vote as they pleased.

Mr. Gillette said this *viva voce* law was passed by the democrats. He rather liked it now [illegible] and thought it best to hold the democrats to their own law.

Mr. Bowlby gave a small bit of *viva voce* history; quoted the remark of Delazon Smith, that the *viva voce* law "smoked out the Know Nothings," and said Ben. Stark, of the "manliness and dignity" of [illegible] vote. He did not [illegible] to know himself how people were voting.

Mr. Wade thought the people had never wanted to change the law since it had been adopted. He sympathised with "modest" men himself, but thought it false modesty to shun an open vote. He confessed that [illegible] democratic meetings [illegible] conducted, were particularly modest.

Mr. Lane claimed that the [illegible] He had always [illegible] the *viva voce* law, and had proved it so. He despised any man who could not give his vote in a living voice, and should certainly oppose the present bill, though from courtesy to his friend from Josephine, he should not [illegible] its rejection.

Mr. McCormack favored the ballot system.

Mr. Underwood said the only point was—shall we vote *viva voce*, or by ballot? The present [illegible] will test the question to all intents and purposes, and save considerable time.

Mr. Cox said the vote by ballot was the most expeditious. Portland [illegible] vote cast in a single day.

Mr. Wakefield said Portland would now have more wards and there would be no difficulty.

Mr. Parker said he was raised to vote *viva voce*; recollected that when he used to be a democrat his party used to think it gives a great man [illegible] democrats agreed fully with [illegible] Lane, the patron saint [illegible].

Mr. Lawson thought the ballot system the best, but this matter had not been sufficiently considered by the people.

Mr. Moores took the same view of it.

Mr. Quick had voted the *viva voce* way but a few times, and he liked the ballot the best.

The following [illegible] by the House:

First reading of bills was then resumed, as follows:

H. B. No. 72—For the relief of [illegible].

H. B. No. 73—For the relief of Lonny C. [illegible].

H. B. No. 74—For the relief of H. W. Davis and Peter Taylor.

H. B. No. 75—Amending Act relating to estrays.

H. B. No. 76—Amending Act relating to [illegible].

H. B. No. 77—Changing the boundaries of Multnomah county.

H. B. No. 78—To provide for the payment of $5 per month bounty to Oregon Volunteers now in the service.

H. B. No. 79—To create a fund for the building of an Insane Asylum.

H. B. No. 80, To provide for a return of votes for Joint Representatives.

H. B. No. 81, To provide for Survey of Lands [illegible] and Logs, by Mr. McCormack.

H. B. No. 82, Providing for Sale of Common School Lands, by Mr. Lafollett.

H. B. No. 83, Providing two Commissioners for Polk County, by Mr. Thornton.

H. B. No. 84, To provide for Compiling and Publishing Statutes.

H. B. No. 85, By Mr. Gillette, To repeal act to Tax and Protect Chinamen.

H. B. No. 86, By Mr. Gillette, Relative to Pilotage on Columbia river.

HOUSE IN THE AFTERNOON.

S. B. No. [illegible], Relating to Incorporation of Churches and Societies.

S. B. No. [illegible], For protection of Trade Marks.

S. B. No. [illegible], To amend act Consolidating Douglas and Umpqua Counties.

S. B. No. 10, Donating certain lands to Portland and Dalles Road Company.

S. B. No. 11, Donating certain lands to Dalles and Owyhee River Road Company.

S. B. No. 27, Relating to Foreign Insurance Cos.

S. B. No. 26, To regulate descent of Real Property and distribution of Personal Property of deceased persons.

This is the identical bill found in the Old Statutes and which was repealed by mistake two years since, and which left no law on this subject. The rules were suspended and the bill read the second time and ordered to be read the third time to-morrow.

S. B. No. 33, To regulate Procedure in Justices' Courts.

On motion of Mr. Underwood the rules were suspended and the bill being read the second time by title, was referred to a select committee of five.

These bills were on their first reading and were ground through to keep the Printer at work.

H. B. No. 87, Was introduced by Mr. Lane, To Incorporate Umatilla Landing, and read the first time.

The bill to pay warrants in hands of Hawthorne & Loryea was read the third time and passed.

The Committee on Commerce reported adversely to House bill No. [illegible], to provide for inspection of provisions.

The Committee on Counties reported back Senate bill No. [illegible] to organize a new county with some amendments, and recommended the passage of the bill as amended.

Mr. Cole asked for the reading of the remonstrance against the division of the County, which was read to the House.

Mr. Cole made objection to the division of the county, [illegible] it did not leave over 800 or 900 inhabitants in Baker County.

Mr. Chapin claimed there should be 1,500 at least.

Mr. Lane said there could be nothing done for two years to come unless it was done now. Baker County is [illegible] miles east and 75 miles wide. Large enough for several counties. The large part known as [illegible] has a large and rapidly growing population, but need a county seat near them, being now distant forty to eighty miles from the county seat.

Mr. Cole and Chapin argued the question [illegible] for and against, and on a final vote, the bill passed—Ayes, [illegible]; noes, 2.

So there is to be a new county.

SENATE—[illegible] 10.

A [illegible] OF [illegible].

Somebody [illegible] weeks [illegible] over the signature of "Pike," [illegible] correspondent of [illegible] in the OREGONIAN. Your correspondent has not the pleasure [illegible] with the editor of the [illegible] and believes him to be a gentleman [illegible] known him personally. The members of the Assembly, through Mr. Fay, have expressed their obligation to me for the [illegible] of my reports. [illegible] the course followed by newspaper writers in the past, they seem to think I deserve credit for not belying and belittling them. When I have a chance to do so, I am anxious to have the world see [illegible] man and [illegible] gentleman and will write for a newspaper, which I consider is more than "Pike," *over his own name* can claim to be able to do.

I did occupy a position between Heaven and hell—respectively as political [illegible] and cultivated with men who despise me for past misdoings. I agree with "Pike" as [illegible] self-respect as "Pike" alone, I might have [illegible] "Pike." It is very clear to me what [illegible] in that "base." The man is, to be pitied, whose character [illegible] to be defended [illegible] attacks.

The first effect of a [illegible] climate upon the human system is to [illegible] torpid and inactivity of the liver, thereby preventing the natural and regular discharge of bile. All know the irritating nature of the [illegible] Fever and Ague, and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this injurious influence, by producing activity of the biliary organs, and a healthy discharge of bile from the system.

Guard against imitation! Be sure that you obtain *Dr. Osgood's India Cholagogue* and you are safe. Sold everywhere. Sole Agents for the Pacific Coast,

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "SLIGHT COLD," in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.*

HAVING been compelled to accept of Legal Tender Notes at par since the 17th day of [illegible] for the rent of my handsome Brick Store, corner of [illegible] son and Front streets, I feel compelled to [illegible] for the benefit of the public at large, that

Jacob Mayer

Leased the building of me on the 17th day of February 1862, for a term of years, at which time there was no paper currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly under protest for the use of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount which he was to pay. He had secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the building at a gain in the city. I make this statement to show the public what kind of a man he must be to take such undue advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

DR. WM. HALL'S BALSAM CURES ALL DISEASES OF THE LUNGS AND THROAT.

CINCINNATI, [illegible] 3, 1861. [illegible] *Scovill & Co.—Gents.—I feel it a duty I owe to let them know the value of your Dr. William Hall's Balsam for curing of Croup. My little girl, seven years old, had an attack of Croup, and came very near dying! I gave her, Dr. Wm. Hall's Balsam, as directed, which gave relief in a very short time. We have used in cases of bad cough with the happiest effects. Benjamin Pitkin, Eighth st., between Main and Sycamore streets.* For sale by Druggists everywhere. REDINGTON & CO., General Agents for the Pacific Coast, 416 and 418 Front street, San Francisco.

Beware of all other preparations of the same name. Each bottle of the genuine bears the signature of "G. L. Baker & Co.," Cincinnati. Take none other. Price One Dollar per bottle.

AS A SPRING REMEDY, to purify and cleanse the Blood leaving it free from all humors and impurities, we assert with

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have those eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures. REDINGTON & CO., Agents, 416 and Front Street, San Francisco. aug25

"Hallo, we have ... are we driving them? That's right ... He soon revived, however, ... himself a prisoner. Another, buried up to his armpits in loose dirt, on being approached, cried: "Come, Yanks, for God's sake, take me out of this place. It's all over now, and there is no use of letting a fellow stick here. Come, take me out, and I will do as much for you some time." He was taken out. One of the charging officers, noticing the dirt move near him, as if a mole or gopher were at work under it, commenced digging, and finally dug out a rebel lieutenant, who was actually revived, and conversed freely with the officers before being brought from the ground. Several others were exhumed from their living graves, and restored to consciousness. Before our wounded were removed from the crater under a flag of truce their sufferings during the day and a half they remained in it were absolutely frightful. Their groans and cries for water could be distinctly heard in our intrenchments, without the power to relieve without the certainty of being shot. To the credit of the rebels, however, be it said, they did what they would not allow our men to do—carried water in their canteens to some of our suffering wounded, holding up their canteens as flags of truce. They allowed our wounded to make themselves as comfortable as possible by constructing little booths, such as were able to do so, or putting up their little fly-tents, such as had them, but they would not allow them to approach our intrenchments.

THE ATTENTION OF THE TRADE IS PARTICULARLY requested to the above favorite brand of Oysters. Messrs. The superiority of this method over the one in general use, of steaming the Oysters in bulk in order to open them, whereby the natural liquor is lost and a manufactured one has to be substituted, is apparent, and recommends itself to all who have given this brand a trial.

Solution of Protoxide of Iron,

Has been used with Great Success in Curing

DYSPEPSIA,

Affections of the Liver, Dropsy, Neuralgia, Bronchitis and Consumptive Tendencies, Disordered State of the Blood, Female Complaints, Chronic Diarrhœa, Boils, Scurvy, the prostrating effects of Lead or Mercury,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such a character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D., Assayer to the State of Massachusetts.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to overestimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART, LIVER, KIDNEYS, DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist, of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This considered impossible by the scientific world, is attested by certificates of Analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and it was widely commended to practitioners (see "American Medical Monthly," July 6, 1856, page 79).

This valuable medicine is now available to the public for the cure of Scrofula in all its various forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

... HAVILAND MANSION, FIFTY-SEVENTH STREET, NEW YORK, August 2, 1863.

Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs, with most happy effect. One little girl in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully, MRS. O. M. DEVOE.

... The Plantation Bitters have cured me of a derangement of the Kidneys and Urinary Organs that distressed me for years. It acts like a charm. C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. "CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also of

DIABETES, IMPOTENCY, LOSS OF MUSCULAR ENERGY, PHYSICAL PROSTRATION, INDIGESTION, SEMINAL WEAKNESS, GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once restored, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he is restored with a firm step, his mind, which was previously sunk in gloom, or an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, AND CATARRH OF THE BLADDER, STRANGUARY AND BURNING OR PAINFUL URINATING, CALCULUS, GRAVEL, BRICK DUST DEPOSIT AND MUCOUS OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will only give praise to
